ATTENDANCE

The attendance module is designed to know the reports on employee attendance, providing insights into metrics such as Average Working Hours, Number of Employees arriving Before 9:30 AM, Number of Employees arriving After 9:30 AM, and Number of Employees leaving before 5:00 PM.

The Attendance module is divided into four sections namely

1. Report
2. Upload
3. View data
4. View History

1. Report

- The report page has a table in which the attest uploaded data is reflected.
